SUMMARY

PHP Laravel Developer with 3+ years of hands-on experience in developing and maintaining web applications using PHP, Laravel, Next.js, WordPress, MySQL, JavaScript, HTML5, CSS3, and Bootstrap. Experienced in building scalable web applications, responsive websites, RESTful APIs, CMS-based solutions, authentication systems, and database-driven applications while following clean coding practices.

EXPERIENCE

PHP Laravel Developer

Techhize Software Solution & Consultancy

July 2023 - July 2026, Hyderabad Pakistan

- Developed and maintained Laravel-based web applications.
- Developed responsive websites and applications using Next.js.
- Built and customized WordPress websites, themes, and plugins as required.
- Designed and optimized MySQL databases.
- Developed REST APIs.
- Implemented authentication and authorization.
- Built admin dashboards and CRUD modules.
- Debugged and optimized application performance.
- Used Git/GitHub for version control.
- Integrated third-party payment gateways like Stripe and PayPal, streamlining transaction processing for e-commerce platforms.
- Engineered reusable front-end components using JavaScript and Bootstrap, enhancing user interface consistency across multiple client projects.
- Collaborated with cross-functional teams to define project requirements and translate them into technical specifications for new feature development.
- Architected and implemented a custom caching strategy utilizing Redis, reducing average API response times by 25% and improving overall application scalability.
- Spearheaded the integration of a comprehensive unit and integration testing suite using PHPUnit, increasing code reliability and reducing post-deployment bugs by 15%.

PROJECT

- Projects available in my portfolio and GitHub.
- Details can be provided upon request.

EDUCATION

BS Software Engineering (Continue)

Virtual University of Pakistan

- Web & Mobile App Development.

Intermediate

Faith College of Information Technology · Hyderabad

Matriculation

B.I.S.E Hyderabad
